					NOTE: Music theory is a highly specialized study within the field of acoustics (the study of sound) and this course will deal with the fundamentals of music including properties of single sounds -- pitch, duration, timbre, and those of collections of sounds --acoustics, intervals, scales, modes (Keys), melody, harmony, rhythm and analysis. The course will also include aural skills such as sight singing , ear training, improvisation and aural analysis of form as well as some keyboard skills. Some prior knowledge of music theory is recommended.
